

# US Beckons Nurses

Nursing is a highly respected profession in the U.S. and qualified nurses are well paid and drawn on an average US\$ 50,000 (approx. INR 23 lakhs) per annum. There is presently a shortage of nurses in the U.S. and to meet the shortfall, the U.S. government has made major concessions in their immigration policies so that qualified nurses who meet the required standards can get a Green Card prior to their leaving India for taking up a job in the U.S.

JOB2CAREER.com is a U.S. based staffing company headquartered in Miami, Florida. In India it operates out of Kochi, Mumbai, Delhi and Bangalore. It also has a liaison office in Dubai. JOB2CAREER.com is owned and managed by a consortium of American doctors, lawyers, immigration experts and other professionals. Their expertise in the field has enabled JOB@CAREER.COM to train and send 100 qualified nurses from India to the U.S and another 150 nurses are in different stages of visa processing. These nurses not only get placed in some of the leading medical facilities in the U.S., they also get to work with some of the leading medical experts in the world and use systems and technologies that are state of the art.

The company offers qualified nurses who pass the screening

India, free training for CGFNS, which is the qualifying examination for nurses who wish to work in the U.S. and for IELTS, which essentially tests their knowledge and familiarity with the English

language and NCLEX-RN, an examination held in the U.S. in order to obtain a license to work as a registered nurse in the country.

JOB2CAREER.com recruit nurses only on Green Card (Immigration visa) and also processes visa applications for their family, i.e. spouse and children. On passing, the CGFNS examination, JOB2CAREER.com begins the visa application procedures by filing for the I-40 petition/Green Card on behalf of the successful candidates and their families. This process presently takes about 18 months. In the meantime the company trains the candidates for the IELTS and NCLEX-RN examinations.

The company does not charge

Not only is the training for these examinations free, JOB2CAREER.com pays the examinations fees too. It also gives them a bonus of Rs. 5000 for passing the CGFNS examinations.

Those candidates who have passed the CGFNS and or IELTS examinations on their own and later clear JOB2CAREER.COM's screening process are reimbursed the examination fee(s) and receive a bonus of Rs. 5,000. It also meets the cost of airfare to the U.S., legal and immigration fees.

On arrival in the U.S. the company will arrange and assist in providing the nurses housing, transportation, furniture, health screening, social security, bank accounts and help in appearing for the NCLEX-RN examination. They will be placed in some of the best hospitals in Miami, Florida, Long Island, New York or St. Louis, Missouri, and they can start working immediately after passing the NCLEX-RN examinations and can earn at the prevailing rate of about US\$ 24 per hour. The nurses will be under contract to JOB@CAREER.com for two years, during which period the company will take care of medical Insurance, Liability Insurance and Worker's Compensation. Thereafter the nurses are free to work or live anywhere in the U.S. They could also continue in the
